

Commercial UAV Expo is a conference and exhibition exclusively focused on the commercial sUAS (small Unmanned Aerial Systems) market in North America for:

- Surveying & Mapping
- Civil Infrastructure
- Process, Power & Utilities
- Mining
- Construction
- Law Enforcement, Security & Emergency Response
- Precision Agriculture

In the **Conference Program**, UAV industry experts will share key insights into the issues end-users face when implementing UAS, including systems selection and integration; developing enterprise workflows, guidelines and policies; data management and integration; and legal, safety and regulatory considerations. Plenary sessions and panels cover topics of interesting to all end-users regardless of industry while breakout sessions focus on UAV technology, applications and opportunities in the vertical markets listed above.

The international **Exhibition** includes sUAS vendors, drone manufacturers, component and sensor manufacturers, software providers and service companies.

SPAR Point Group

Commercial UAV Expo is organized by **SPAR Point Group**, world-renowned for providing news and information for professionals involved in geospatial and remote sensing technologies. Content – delivered in-person and online – gives practitioners tools and information to make better business decisions. **SPAR Point Group** is wholly-owned by **Diversified Communications**.
